Ambitions

Senior Prophecy

Well, today was certainly a Historical Date. The graduating class of 30 years ago decided to have a reunion. Invitations were sent out by JANE_____ who is the Math teacher at the class's high school. She took the position that MR. KOCH had held for so many years. Poor chap, may God rest his aching bones, he couldn't stand any more of it. DALE URISH, our man (BUM) about the town, was on the entertainment committee and acquired DONALD KOHLBACHER and his jazz band for the entertainment. What a band!! If they had hit one right note in the entire evening I'd have been surprised. ED TIMKE, coach of Bradley University was the guest of honor celebrating his "NO LOSS" record at the University. JERRY HOEFT, president of Hoeft, Hoeft, Hoeft, and another Hoeft, Inc., who had many "outside" connections, agreed to get a beautiful ballroom for the reunion. ED brought BRUCE PARKS with him. He was ED'S star baseball player at the University. WAYNE WEYHRICH was there and fate had surely played a different hand for him. He always wanted to be a machinist but instead he inherited a great amount of money from an unknown Uncle and became a millionaire playboy. I remember that a lot of girls back in "56" said their ambitions were to be secretaries but by the sound of all the kids, I would say that something had changed their minds. IRMA___ and JUDITH____ came with their broods. Lucky girls, they had their husbands so henpecked that they didn't have to take care of their kids. JANICE____, HAZEL____, and EVELYN____ were sure having a time with their rich "daddies" whom they acquired through their secretarial careers. They were so wrapped in furs and diamonds, etc., that you couldn't even tell who they were. MARCELLA____ and EMILY____ were secretaries for JERRY HOEFT'S giant corporation and were doing all right for themselves. I remember that poor WILBUR KITCHELL, it was sure sad when he came. He always had his heart set on being a chemist but all the farther he got was testing milk on the farm. I had quite a time talking over old times with LEWIS NANNEN, who was head of the English department at Bradley. A big Car-O-Plane which practically took up two parking meter spaces drove up and who do you think stepped out when the Chauffeur opened the door? None other than CARL ZILCH, he was an architectural engineer and really making the money. Last but not least, I must mention GERALDINE____ who was terribly late but it takes quite a while to get 10 kids washed and dressed when you work until 5:00 each evening. All in all a good time was had by all and another reunion was set for five years from now.

(An actual excerpt from J. R. BRASMER'S Diary who after 35 frightning years, is still PRINCIPAL at good old G.V.H.S.)

Modern in the Forward Look manner but the ultimate in the tradition of graceful elegance is the new 1956 De Soto Fireflite four-door sedan shown here. The second phase of De Soto's Forward Look highlights extensive exterior body changes, including a dramatic new upswept lift to the popular color sweep that runs the virtual length of the car. Other glamorous new touches are the all-new front and rear ends, lush color-keyed interiors in brocades, damasks, leather, faille and other decorator materials. New perforated mesh grille with built-in parking lights, and a dramatic, turreted, three-tiered taillight assembly are among over two dozen highlight changes in design and engineering.
